

Official Notice 007

Date: 28 April 2021

Title: Fast Track procedures

MQRIC informs that it has introduced the 'Fast Track' procedure in the [online application process](#) for recognition of qualifications. This new feature will prioritize urgent applications for the recognition of academic programmes. Upon the satisfactory submission of all information and documentation by the applicant, MQRIC will release an MQRIC statement within 2 working days.

In the event that it will not be possible for MQRIC to issue a statement within such timeframes, MQRIC will inform the applicant of any reasons behind such impediment. The applicant will thus be offered the option to either retain the fast track option, which will keep the application prioritized before all other applications, or else, be entitled for a partial refund which covers the 'Fast Track' fee, being €20 for Maltese programmes, and €50 for foreign qualifications, and have the application processed in accordance to regular procedures.
