

## COMMUNICATION TO LICENSED FURTHER AND HIGHER EDUCATION INSTITUTIONS

<i>Title:</i> New MEPA Regulations with Respect to Access to Premises		
<i>From:</i> Sandro Spiteri, Director	<i>Date:</i> 19 <sup>th</sup> August 2014	<i>Comm. No.:</i> 17/2014

Dear colleagues

You may wish to note that recently MEPA issued Circular 2/14 – Protocol to Regulate Development Planning applications in Terms of ‘Access for All’ Requirements. This is available at the MEPA website, and is attached for your convenience. These regulations have made access requirements less stringent than before. Entities that have a provisional licence as an NCFHE accredited institution may wish to check whether these new regulations effect their accreditation status. Any new communication from MEPA (not e-mails, but Compliance Certificates or similar formal communication) that could effect your accreditation status is to be forwarded to Mr David Bonello on [david.c.bonello@gov.mt](mailto:david.c.bonello@gov.mt) .

Regards

Sandro Spiteri  
Director for Quality Assurance
