

## MFHEA COMMUNICATION

### MFHEA/07/2024

**Title:** Communication to all RPL service providers

**From:** Head Accreditation, Validation and Quality Assurance, MFHEA

**Date:** 24.05.2024

---

Dear esteemed providers

The Malta Further and Higher Education Authority (MFHEA) is in the process of updating the Recognition of Prior Learning document guidelines published in 2020 to be in line with the latest and fast changing developments which are taking place in this sector. It is our intention to strengthen this provision and for it to be more in line with the latest developments which are taking place across Europe. The European Year of Skills has also been a catalyst for change, innovation and a desire to strengthen lifelong and life-wide learning across all member states. In view of this MFHEA has commissioned The Scottish Credit and Qualifications Framework authority (SCQF) to conduct the necessary studies and research as part of their task to review and update our current RPL document which has been developed by them in 2020.

In the coming days you shall be receiving an important survey which is being conducted to pave the way for the necessary updates. All RPL service providers are kindly being requested to fill in this questionnaire and return it back within the stipulated timeframe. Your participation and contribution in this survey is highly important and greatly appreciated. This will help us produce an updated document which reflects the current realities and future needs. The revised guidelines are expected to be published in June 2025. MFHEA would like to thank all providers for participating in this survey and for collaborating with MFHEA and SCQF in this process.

Sincerely

Lawrence Azzopardi  
Head Accreditation, Quality Assurance and Validation
