

To whom it may concern,

Triagon Academy is a higher education institution duly licensed in Malta by the Malta Further and Higher Education Authority (MFHEA).

The Quality Assurance Committee (QAC) of the MFHEA recognises that, in its ongoing commitment to upholding high academic and quality assurance standards, Triagon Academy voluntarily underwent an institutional accreditation with ACQUIN, an Agency registered on the European Quality Assurance Register for Higher Education (EQAR), in May 2023. The outcome of the process was positive with Triagon Academy being found to have fulfilled all criterion reviewed.

The QAC acknowledges the value of this exercise and recognises it as further demonstration of Triagon Academy's alignment with the Standards and Guidelines for Quality Assurance in the European Higher Education Area (ESG). The MFHEA recognises the institutional accreditation conducted by ACQUIN remains valid until September 2029.

Triagon Academy was also audited by the MFHEA in January 2025, in accordance with the External Quality Assurance processes of the MFHEA for institutional reaccreditation. The outcome of the MFHEA institutional audit was also positive and did not include any mandatory recommendations.

The ACQUIN institutional accreditation could not substitute the MFHEA institutional external quality assurance audit, since the MFHEA was not given prior notification of the ACQUIN institutional accreditation in the manner established by Maltese law. Nevertheless, Triagon Academy's initiative in conducting an institutional accreditation with ACQUIN reflects its dedication to enhancing its quality culture, to strengthening its governance and academic provision, to reinforcing external confidence and to ensuring its programmes meet internationally recognised benchmarks.

The QAC also notes that Triagon Academy has properly submitted an application for university status with the MFHEA, and this application is currently being considered in accordance with Maltese law.

The MFHEA remains committed to supporting higher education institutions licensed in Malta in their pursuit of quality enhancement and international recognition. Within the parameters of our regulatory framework, we continue to work constructively with licensed providers to ensure their efforts contribute towards furthering Malta's reputation as a hub of excellence in higher education.

Should further information be required on Triagon Academy's status as a licensed and accredited higher education institution in Malta or on our quality assurance processes, please do not hesitate to contact us.

Yours sincerely,

Dr. Mateja Farrugia B.A., M.A., LL.D
Chairman Quality Assurance Committee
